PROFESSIONAL SUMMARY

Mobile App Developer specializing in React Native (Expo) for Android and iOS. Experienced in building mobile and web apps, contributing to Aeko's Web3 social platform while developing portfolio projects. Passionate about user-focused apps, including e-commerce-relevant features, and eager to grow into Kotlin, Swift, and other native technologies with a dedicated startup team. Based in Kaduna and willing to relocate to Abuja for on-site roles.

TECHNICAL SKILLS

- **Mobile Development**: React Native (Expo), Android Studio (basic)
- **Frontend**: React.js, Next.js, TypeScript, JavaScript (ES6+)
- **Backend Integration**: Firebase, REST APIs, Axios
- **UI/UX**: Tailwind CSS, Bootstrap, Responsive Design
- **Tools**: Git, GitHub, VS Code, Figma

PROJECTS

SpeechBoard (Completed Prototype) | Github: https://github.com/Abuaslamtech/speechboard

- Developed an accessibility app for individuals with speaking disabilities using React Native (Expo).
- Implemented preloaded phrases with tap-to-play audio functionality, enhancing user communication.
- Packaged APK and shared for user testing, gathering feedback to improve accessibility features

Climap Mobile (In Progress) | Github: https://github.com/Abuaslamtech/climap-mobile

- Building a mobile healthcare facility locator with React Native (Expo), integrating maps, geolocation, and filtering features.

- Implemented core features to support scalable healthcare solutions.

EXPERIENCE

Mobile Developer – Aeko (Startup) | 2025 – Present | Remote/Hybrid

- Contributing to a Web3-powered social media platform, building mobile features with Expo React Native for Android and iOS.
- Collaborating with backend and blockchain engineers to deliver a scalable MVP.
- Adapting to fast-paced startup needs, ensuring robust and user-focused solutions.

Freelance Frontend & Mobile Developer | 2020 – Present | Remote

- Delivered 20+ web and mobile applications for academic and small business clients using React.js, React Native, and Firebase.
- Built responsive, mobile-friendly solutions, including features like user authentication and data management, relevant to e-commerce platforms.
- Tailored solutions to meet client-specific requirements, ensuring high satisfaction.

Frontend Development Intern – QA School | Sep 2024 – Dec 2024 | Remote

- Contributed to a service marketplace app with authentication and API integration.
- Reduced load time by **40%** with code splitting and optimization.

Frontend Developer – ITExperience Hackathon | Nov 2024 – Jan 2025 | Remote

- Built a **speech-to-text app prototype** achieving **95%+ accuracy** with browser APIs.
- Designed responsive UI for cross-device compatibility, enhancing accessibility.

EDUCATION & CERTIFICATIONS

BSc. Computer Science and IT – Federal University Dutsin-ma | August 2024

Certifications:

- Meta Front-End Developer Certificate – Meta Elevate | 2023

- Responsive Web Design – FreeCodeCamp | 2023

- HTML/CSS/JavaScript – Johns Hopkins University (Coursera) | 2023
